File No	:	7000338	DOB	:	1900-01-01	Nationality	:	Indian
Gender	:	Male	Doctor's Name	:	Bahrain_Doctor xcxc	Date	:	2023-10-31

INSTRUCTION AFTER IMPLANT SURGERY

1. Don't eat for 2hours after the surgery
2. Apply cold compress on your face on the same side of the implant area
3. Hot foods/drinks are not allowed; you can eat/ drink cold stuffs (ex.ice tea, cold juice).
4. Don't sleep right away; stay awake for 2 hours after the surgery
5. Don't sleep lying flat; keep your head elevated after the surgery
6. Please avoid smoking cigar because it may affect the integration of the implant with the bone, it may cause failure of the treatment.
7. Gargle with Luke warm water with little salt the following day
8. You can eat normal (hot/cold) the following day
9. Brush your teeth and gums as normal, keep the implant area clean
10. Avoid using ultrasonic scalar for cleaning/ scaling
11. Make appointment for your suture removal and please bring your OPG (x-ray) on that time.
12. Call clinic after 2 months for follow up appointment. Bring your new O.P.G. for evaluation of Implant Bone Regeneration. Based on prognosis of the case, doctor will proceed to next procedure.
13. Any emergency or question please call and inform your doctor.
