Maple Tree

1).Nurse Station Need To Be Removed in appointment list icon and EMR menu

2). prescription Tab / Prescription Fav Need To Be Removed From Quick EMR

3).In Main Emr We Have Option Directly We Can go To Main Diagnosis Without Entering In Narrative Diagnosis Same Option They Need In Quick EMR - Delete The Narrative Diagnosis Tab , They Need Something Easy ,No Need Many Tabs for Daignosis just single tab for it .

4).Cash Treatment Name Need To Change as Services

5). Whatsapp Subscription Needed And Auto Reminder Option Needed So they Will Sent Reminder

6). In Quick EMR Need To Add Family History Column Same As Chief Complaints

7). Progress Notes Need To Add in Quick EMR and Need To add One More Tabs As Physiological Notes

8). As Per Tausif For The Telemedicine Patient if They are taking Online Session They Will get A Link To Sent The Concern Forms Online and They Will sign and Sent It Back

9).Concern Forms Customization Needed They Have 5 Forms They'll Share It .

Ignore which is in red highlighted points
